Hisense
QLED
Quantum Dot Color

 Google TV

See over a billion color combinations before your eyes! The QD7 Series smart display from Hisense uses QLED Quantum Dot color technology to deliver a more vibrant and detailed picture. Get your head in the game with the super-fast refresh times of 144Hz Game Mode Pro, Auto Low Latency Mode and Variable Refresh Rate. Bring the sights and sounds of the cinema directly to your living room with Dolby Vision HDR and Dolby Atmos technology. And play videos from your phone, tablet and laptop on the big screen with the help of Chromecast.

QLED Quantum Dot Color

Experience color like you've never seen it before. QLED Quantum Dot Technology, significantly broadens the range of color you perceive to create over a billion individual shades. So, you can soak up every wave of the Caribbean Sea and every brushstroke of the desert sunset.

144Hz Game Mode Pro

Level up your gaming. The 144Hz Game Mode Pro is designed with the technology you need to get on the leaderboard. With a Variable Refresh Rate of 48Hz to 144Hz, your console and PC gaming can beat any opponent that comes your way. AMD FreeSync™ Premium Pro, Auto Low Latency Mode and Low Latency MEMC, virtually eliminate annoyances like screen tearing and controller input lag in your play. The New Game Bar lets you customize and adjust your gameplay right from your TV, with your remote, not just your controller.

Voice Remote

Talk back to your TV. Voice Control puts you in charge of your own viewing experience. Switch shows, adjust the volume or explore new content, all at the sound of your own voice.

Google TV

The entertainment you love. With a little help from Google. Google TV brings together movies, shows, live TV and more from across apps and subscriptions and organizes them just for the user. And helps the user discover new things to watch with recommendations based on their interests.

Dolby Vision · Atmos

Get transported through the screen. Dolby Vision captures even the most subtle emotions flickering across the actor's face during a dark night scene. And the multidimensional sound of Dolby Atmos puts you smack-dab in the action, whether it's in a jungle, city or rocket ship.

4K AI Upscaler

Bring what's on screen into crystal-clear focus. Our 4K AI Upscaler transforms beloved classics, home movies, broadcast TV and even streaming content into striking 4K quality. It's amazing what can happen when every pixel works even harder.
