The WHVA 2.0 Ultra Panel provides a stunning picture from any seat with the high contrast, anti-reflective edge-to-edge ZeroBorder* panel that's designed to deliver vibrant colors and crisp detail from every angle.

*ZeroBorder only refers to the hardly perceived BM zone at the edge of the image under normal viewing scene and distance.

TCL Deep Color System

The TCL Deep Color System is an advanced color suite that blends Super Quantum Crystals (Super QLED) for 100% of BT.2020 Color*, TCL UltraColor Filter, and TCL Advanced Color Purity Algorithm for an incredibly vivid, accurate picture.

*"100% of BT2020 Color" is based on typical achievement of 100% of the BT2020 Color Ratio. Actual results may vary slightly due to differences in the test environment, standards, and equipment, as well as other factors such as reasonable production batch variations.
