

G502 X Gaming Mouse

G502 X Gaming Mouse is the world's most popular mouse. G502 X is reinvented and redesigned with the latest innovations in gaming technology, featuring all-new hybrid optical-mechanical switch technology: LIGHTFORCE. Now, incredible speed and reliability, as well as precise actuation are one. Available in black and white colorways.

WHAT'S IN THE BOX

- G502 X Gaming Mouse, DPI-Shift button cover, user documentation, sticker

FEATURES

- Icon reinvented: From the legacy of Logitech's most popular G502 design, the G502 X wired gaming mouse is reimagined and redesigned with the latest innovations in gaming technology
- LIGHTFORCE switches: All-new hybrid optical-mechanical switch technology for incredible speed and reliability, as well as precise actuation with crisp response, for hours of performance gaming
- HERO 25K gaming sensor: Incredibly precise down to the sub-micron for high-precision accuracy with zero smoothing/filtering/acceleration for high gaming performance every time on the computer
- Redesigned DPI-shift button: This wired optical gaming mouse features a reversible and removable DPI-shift button for precise customization depending on your grip and preference
- Redesigned hyperfast scroll wheel: Switch between hyper-fast free spin and precise ratcheting mode, and tilt left and right for two additional personalizable controls
- Weight reduced: Thin-wall exoskeleton for minimum material and maximum rigidity, lightened scroll wheel, and more to achieve 89 grams
- Make your choice: Available in black and white colorways

(1) Two profiles by default, five by using Logitech G HUB Software available for download at logitechg.com/ghub
