- G413 SE LED mechanical gaming keyboard
- User documentation

FEATURES

- Take your gaming skills to the next level: The Logitech G413 SE is a full-size keyboard with gaming-first features and the durability and performance necessary to compete
- PBT keycaps: Heat- and wear-resistant, this computer gaming keyboard features the most durable material used in keycap design
- Tactile mechanical switches: Uncompromising performance is always within reach with this wired gaming keyboard
- Premium color, material and finish: Elevate your gaming setup with this backlit keyboard featuring a sleek, black-brushed aluminum top case and white LED lighting
- 6-Key rollover anti-ghosting performance: Experience reliable key input with this anti-ghosting keyboard versus non-gaming mechanical keyboards
- FN key media controls: Twelve (12) function (FN) keys let you control volume, play and pause, skip track, mute, toggle lighting, Windows lock, etc
- Robust body design with minimal flex: The brushed aluminum-magnesium alloy top case serves as the corded keyboard's backbone
- Tenkeyless option: A compact, TKL layout is also available (Logitech G413 TKL SE)
