## FEATURES & BENEFITS

Enjoy the flexibility of a **Convertible Drawer with Soft Freeze** with settings as low as 23 degrees or as high as 42 degrees, and keep items organized with sliding glass dividers

Relish the bright, uniform light of an **LED light wall** that spans the back wall of the refrigerator, illuminating the fresh food section so every item is easy to find

Effortlessly fill containers with filtered water by simply pressing the **AutoFill** button which uses sensors to dispense the perfect amount every time

A **Humidity Control System** provides an environment for leafy green vegetables to last 2-1/2 times longer than standard vegetable drawers. (\*Based on internal testing vs. similar size vegetable drawers with humidity controls from a leading competitor.)

Easily pull out a slim, **full-width tray** to accommodate gourmet pizzas and other frozen, uniquely shaped items

Receive alerts on your smart device whenever your refrigerator's internal temperature dips below normal, thanks to **built-in WiFi connectivity** that helps you keep foods party-platter ready

From produce to packaged goods, keep any food fresh with **TwinChill™ evaporators** that create separate climates in the fresh food and freezer sections

Spend more time filling and less time fumbling thanks to the **Integrated Dispenser Design**, which senses your proximity and automatically illuminates, so you never have to compromise on function and fashion

Make a statement with **Modern Glass**. This sleek refrigerator will speak to your sensibilities thanks to an unrivaled glass finish, paired with modern lines, attention to detail and unexpected accents
