

VELOCITY 5R+

WHOLE ROOM
HEATER

About the VELOCITY 5R+

The Velocity 5R+ is the elite member of the Velocity Tuned Heat™ Series that creates hotter heat, moving faster and traveling farther into a room than ever before. The round edges of the exterior combined with the LED touch controls, 2 heat settings and a fan-only mode keeps the whole room stylish and comfortable while remaining cool to the touch. With convenience in mind, the bedtime mode helps you sleep soundly by turning off all non-essential lights on the enhanced LED display. The tip-over protection, auto shut-off and locking controls finish out the advanced safety features, while a 1-12 hour timer and 5-year satisfaction guarantee gives you even more peace of mind.

The Velocity Series is everything you love about Vornado vortex heat – amplified.
