

K48A60

BRAVIA 6 48" Class OLED 4K HDR Google TV with Gemini (2026)

OLED contrast and smart features come together for a picture that's designed for movies, sports, and streaming. Vibrant color and perfect OLED black bring a richer picture to every scene, in a sleek design that fits naturally into any living space.

Bullets

- Over 8 million self-lit pixels are precisely controlled to produce pure black and stunning contrast in every scene.
- Triluminos Pro™ reproduces over a billion accurate colors for a lifelike, vivid picture.
- Access all your favorite streaming apps in one place with Google TV.¹
- A truly cinematic experience with support for Dolby Vision®, Atmos®, and DTS:X®.²
- Explore a huge selection of the latest blockbusters, classic hits, and hidden gems, with movies included in the SONY PICTURES CORE app.³
- Stream Netflix, Prime Video, Disney+, YouTube, Apple TV, Crunchyroll, and more in an easy-to-navigate interface.¹
- Every panel is factory calibrated for consistent, high-quality performance you can rely on.
- Chat with Gemini hands-free to get personalized movie and show recommendations.^{1,6}
- Easily cast movies, shows, photos, and more from your phone or tablet right to your TV with Google Cast™.⁴
- Get the edge in gaming with HDMI 2.1 features: 4K/120, VRR, ALLM, and SBTM.⁵
- Enjoy consistent, true-to-life color and contrast from nearly any seat in the room, thanks to OLED's wide viewing angle.
- Real-time light sensing automatically fine-tunes brightness for comfortable, cinematic viewing any time of day.
- A flush, narrow-bezel design and two-position stand keep your setup clean and effortlessly integrated.
- Thoughtfully designed packaging reduces our environmental footprint.

Features

Pure black and the stunning contrast

The pinnacle of precision. Our OLED screen individually and expertly controls 8 million self-illuminating pixels, turning each one on or off to dark and light for deeper blacks and more dazzling colors.

A picture painted with extra colors

Unique to Sony, Triluminos Pro™ enriches your viewing experience with a wider palette of over a billion accurate colors, reproducing more natural shades and hues so everything you watch is lifelike and vivid.

Everything you stream. All on one screen.

With 700,000+ movies and TV episodes, live TV, and more available across 10,000+ apps, Google TV™ brings together your favorite entertainment from across your apps and organizes it all, just for you.¹

More immersive movie experience

Experience truly unforgettable movies at home. Our TV supports the rigorous standards of Dolby Vision® and Dolby Atmos® for an unbelievably atmospheric and immersive viewing experience.²

Feel cinema-like immersive audio. DTS:X® spreads sound beyond the screen, bringing every scene to life and drawing you right into the heart of the story.

Epic Quality. Limitless Entertainment

Explore a huge selection of the latest blockbusters, classic hits, and hidden gems from Sony Pictures. Choose favorites to add to your collection included with your BRAVIA TV. Experience next-level picture and sound quality with Pure Stream technology and IMAX Enhanced movies on Sony Pictures Core.^{3,7}

Your favorite streaming apps in one place

BRAVIA Google TVs give you access to all your favorite streaming apps in an easy-to-navigate interface, including Netflix,

Prime Video, Disney+, YouTube, Apple TV, Crunchyroll, and many more.¹

Individually calibrated. Consistently flawless.

Behind every BRAVIA TV is meticulous craftsmanship. By factory calibrating each panel one by one, we remove variations and ensure consistent, high-quality performance you can rely on.

Chat with Gemini hands-free to find the perfect movie or show

Tell Gemini what you're in the mood for and get personalized movie and show recommendations with helpful follow-up questions and detailed insights. You can also use your voice to find content, open apps, play music, get answers, and control compatible smart home devices—all without reaching for the remote.^{1,6}

Google Cast™

Stream from your device. Easily cast movies, shows, photos, and more from your phone or tablet, right to your TV. ⁴

Level up your gaming with 4 HDMI ports with HDMI 2.1 features

BRAVIA's four HDMI ports support HDMI 2.1 features for a thrilling gaming experience. 4K/120 delivers consistent 120fps at 4K resolution, VRR matches frame rate to your device for smoother play, ALLM auto-switches to low-latency mode, and SBTM smooths color gradation for richer images during fast action.⁵

OLED Wide Angle

Watching TV from the sides is now as satisfying as from the center. Our OLED panel keeps colors consistent and true, wherever you're watching.

Day or night—the picture adapts automatically

The BRAVIA TV uses real-time sensing to optimize brightness automatically. By detecting ambient light and LED efficiency, it fine-tunes the picture to deliver a high-fidelity, cinematic look that stays comfortable for your eyes at any hour.

Designed to blend in. Built for your space.

The flush, narrow-bezel design keeps your focus on the screen, drawing you deeper into what you're watching. A two-position adjustable stand lets you raise the TV to neatly accommodate a soundbar or other connected devices—so your setup stays clean, balanced, and effortlessly integrated.

Sustainable Packaging

Even packaging can make a difference. By using less ink and smaller cartons, we're reducing our environmental footprint without compromising quality.

Specification

1. User must accept [Google Terms of Service](http://www.google.com/policies/terms/) (<http://www.google.com/policies/terms/>), [Google Play Terms of Service](https://play.google.com/intl/en-US_us/about/play-terms/index.html) (https://play.google.com/intl/en-US_us/about/play-terms/index.html), and [Privacy Policy](http://www.google.com/policies/privacy/) (<http://www.google.com/policies/privacy/>) to use this product. User consents to a mandatory software update at set-up and such other additional updates that may be required in the future by Google and/or Sony. User must connect to a Google Account to use certain advertised features, including voice to activate linked apps, and install certain apps and operating software during setup. Use of this product without connecting to a Google Account allows only basic features and certain apps. Features and specifications are subject to change without notice. Wireless connectivity requires 802.11 home network (802.11n recommended). Network services, content, operating system, and software of this product may be subject to separate or third-party terms and conditions and changed, interrupted, or discontinued at any time and may require fees, registration, and credit card information. Apps must be compatible with this product. App availability varies by region and device.
2. Dolby Vision/Atmos and DTS:X content compatible with streaming services or compatible content device connected via HDMI input (sold separately).
3. Purchase an eligible TV and register for SONY PICTURES CORE™ by February 23, 2028 to be eligible for promotion offers. Available movies subject to change. Terms and conditions apply, see [full details](https://sony.net/sony-pictures-core) (<https://sony.net/sony-pictures-core>). Network services, content, and operating system and software of product may be subject to separate or third-party terms and conditions and changed, interrupted, or discontinued at any time and may require fees, registration, and credit card information.
4. Google Cast compatibility dependent on app. Google Cast is a trademark of Google LLC.
5. Game title supporting VRR and/or 4K/120fps required. VRR results may vary depending on the game you're playing. If enabling VR results in any unexpected visual effects, you can turn it off at any time.
6. The Gemini for TV experience is optimized for large screen experiences. Results may vary. Check responses for accuracy. Available in select countries, languages, and to users 18+. Learn more at [Do more with Gemini for TV](https://g.co/tv/gemini) (<https://g.co/tv/gemini>). Gemini requires a software update and is available on select models only.
7. IMAX Enhanced content enables full IMAX Enhanced experience with compatible streaming services such as SONY PICTURES CORE (formerly BRAVIA CORE), or compatible content device connected via HDMI input (sold separately).
8. Some units may include additional onboard storage due to component part availability.
