

Twist-In Refrigerator Water Filter

for French Door Refrigerators

MIWF8900

The MIWF8900 Twist-In Water Filter is compatible with select Midea refrigerators and provides up to 6 months of filtration. NSF® certified to Standards 42 and 53, it reduces chlorine, lead, and other contaminants for cleaner, better-tasting water. The twist-in design allows for quick, tool-free installation.

Twist-In Design for Easy Installation
