

1.9 cu. ft. Over-the-Range Microwave with Sensor Cooking

WOW
Features
Sensor Cooking

Our 1.9 cu. ft. Over-the-Range Microwave is designed to help you save counterspace and cook more efficiently than ever. Sensor Cooking automatically adjusts the microwave's settings based on moisture levels for perfectly cooked results, while the Express Menu lets you prepare meals without guesswork. This microwave is also equipped with a powerful 300 CFM fan and bright LED lighting to keep things clear on the cooktop below.

Available Colors

Stainless
MMO19S3AST

Warranty

Large 1.9 cu. ft. Capacity

The spacious interior easily holds large plates and casserole dishes.

Sensor Cooking

Automatically adjusts settings based on moisture levels for perfectly cooked results.

Powerful Ventilation

The 2-Speed 300 CFM Fan quickly removes steam, smoke, and odors for a fresher kitchen while you cook.

Express Menu

Choose from 9 preset cooking options to enjoy perfectly heated meals, ingredients, or beverages.

Precise Power

Offers 1,000 watts of cooking power with 10 adjustable levels, allowing you to do everything from defrosting meat to reheating lasagne, or gently softening ice cream.

Diamondback Non-Stick Coating

Distributes heat evenly for improved cooking performance and makes it easy to wipe away messes.
