

EASYSING MIC MINI

Portable AI-powered microphone with real-time vocal removal

Take your voice with you.

Wherever inspiration strikes, the JBL EasySing Mic Mini is ready. This lightweight, pocket-sized microphone delivers clear, confident sound with built-in EasySing vocal tools you can take anywhere. Plug in the wireless AI dongle and turn compatible JBL portable speakers or PartyBox models* into your own karaoke setup for house parties and get-togethers. With a single press, AI Vocal Removal pulls back the original vocals on your favorite songs, while high-pitch boost and natural reverb help your voice shine through.

EasySing Mic Mini connects easily to compatible JBL portable speakers and PartyBox speakers, as well as other speakers, phones, and laptops through Aux, USB-C, or Bluetooth. Whether it's a last-minute sing-along, a livestream from your room, or a quick podcast session, you're ready in seconds.

Attach it with the included magnet on your shirt and keep singing or capture ideas on the go. Or hold it by the ring handle for a steady grip when you're performing or recording. The mic and dongle power on when you lift them from the compact changing case and switch off when you drop them back in. With up to 6 hours of playtime and simple setup through the JBL One app, EasySing Mic Mini keeps the focus where it belongs—on your voice.

However you use it, EasySing Mic Mini lets your voice lead.

*Compatible with JBL Boombox 4, JBL Xtreme 5, JBL Charge 6, JBL Flip 7, JBL Grip, JBL Go 5, newer JBL Portable speakers and all JBL PartyBox models through either USB-C or Aux. (Aux cable not included).

- ▶ Made with the planet in mind

EASYSING MIC MINI

Portable AI-powered microphone with real-time vocal removal

Features and Benefits

Clear voice and crisp sound

JBL EasySing Mic Mini delivers clear, natural vocals that sound like you. Whether you're singing along to a track or recording a podcast, your voice stays strong and easy to hear, without sounding harsh or thin. It's tuned to keep every word front and center.

Fine-tune your performance with AI vocal removal

Own the mix without missing a beat. Use the mic or the JBL One app to lower the original vocals by 25%, 50%, or 100% with AI Vocal Removal. Keep the chorus with you, or step out front on your own.

Sing with confidence

Voice boost gives you a lift when the song climbs. It supports higher notes so you can lean in with confidence and keep your performance feeling strong from start to finish.

Shine wherever you go

The lightweight, pocket-sized carrying case keeps your EasySing Mic Mini protected, charged, and ready to go. The mic and wireless dongle change together, with the magnetic clip and ring handle right there when you need them—no extra cables, no extra steps. Clip it on or grab the handle and start creating.

Stable and reliable connection

EasySing Mic Mini connects your way, with Bluetooth, USB-C, and Aux out support for speakers, phones, and laptops. The stable 2.4GHz wireless connection keeps your mic working reliably even when you move farther away from the speaker, while using power efficiently.

Up to 6 hours of playtime

With up to 6 hours of playtime, the built-in battery giving you enough power for long karaoke sessions, livestreams, and recording sessions going strong without reaching for a charger.

Record and create anywhere

Plug the wireless dongle directly into your phone or laptop and start recording in seconds. Whether you're capturing a quick idea, going live, or recording a podcast, EasySing Mic Mini gives you clear, reliable sound without extra gear or a complicated setup.

Compatible with JBL speakers and more

EasySing Mic Mini pairs easily with most JBL portable speakers and PartyBox speakers*, as well as other speakers that support Aux-in or UAC. Already have a setup you love? Plug in and start singing in seconds.

*Compatible with JBL Boombox 4, JBL Xtreme 5, JBL Charge 6, JBL Flip 7, JBL Grip, JBL Go 5, newer JBL Portable speakers and all JBL PartyBox models through either USB-C or Aux. (Aux cable not included).

Set up and control with the JBL One app

The JBL One app makes setup simple. Connect in seconds and adjust vocal removal or check your connection right from your phone, so you can spend less time tweaking and more time singing, recording, or creating.

Made with the planet in mind

The JBL EasySing Mic Mini incorporates post-consumer recycled plastic. It's also packaged in FSC-certified paper printed with soy ink.
