<sup>1</sup>Samsung Vision AI features vary by model; see individual model for more info.  
<sup>2</sup>QLED televisions can produce 100% Color Volume in the DCI-P3 color space, the format for most cinema screens and HDR movies for television.  
<sup>3</sup>Personal data includes directly input PIN codes and passwords, and IoT device information shared through the SmartThings app. The latest software is required.  
<sup>4</sup>Samsung Account required for network-based smart services, including streaming apps and other smart features. Computer, mobile or other device may be necessary to create/log in to Samsung Account (free to download and create). Without Account log in, only external device connections (e.g., via HDMI) and terrestrial/over-the-air TV (only for TVs with tuners) available.  
<sup>5</sup>Channels may vary by location and are subject to change. UI is subject to change without prior notice.  
<sup>6</sup>Utilizes AI-Based formulae.  
<sup>7</sup>Requires a compatible 2020-2025 Q-Series, S-Series, B750F or B650F soundbar (sold separately). For more information, check soundbar specifications.  
<sup>8</sup>Fees apply to subscription service.  
<sup>9</sup>SmartThings require compatible devices only. SmartThings app download may be required.  
<sup>10</sup>High speed internet connection, additional gaming service subscriptions and compatible controller required.  
<sup>11</sup>Super Ultrawide Game View is supported for PC games only. This is feature is only available for ultra wide supported games. Some game titles may not support this function or may be limited to use this feature. Screen resolution change from external device may be required.
